Math

Solve the following problem. Be sure to show your work. Strategy suggestions: number line, draw a picture.

The class had some pencils. They broke 11 of them. Now they have 7 pencils. How many did they start with?

Math

Write these numbers in standard form:

One hundred seven

$$300 + 30 + 4$$

Two hundred ninety-nine

$$700 + 80 + 7$$
